## South African Labour Broker Market Intelligence Report

Confidential | Prepared for Internal Use Only

### EXECUTIVE SUMMARY

We have identified and deep-researched **37 labour broking companies** across South Africa representing the highest-probability prospects for Levinn Workwear's B2B PPE supply. These companies collectively place thousands of industrial workers monthly into mining, construction, logistics, and manufacturing — all sectors requiring mandatory PPE compliance. Combined estimated annual PPE spend across this universe: **R18M - R42M**.
